ABOUT YENEPOYA

YENEPOYA (DEEMED TO BE UNIVERSITY)

Yenepoya (Deemed to be University) sprawling across 35 acres of lush green campus at Deralakatte, Mangalore has completed over two decades of commitment in the field of education. Established in the year 2008 by the Islamic Academy of Education Charitable Trust, the University has 10 constituent colleges with over 9000 students. Yenepoya (Deemed to be University) is accredited by NAAC with grade 'A+'.

The Islamic Academy of Education, a non-profit trust in its quest towards excellence in professional education decided to sponsor the formation of the “Yenepoya University Trust” with the sole purpose of creating a Deemed-to-be University in 2007. Recognising the yeoman service provided over the years by these institutions, the Ministry of Human Resource Development, Union of India, on the recommendation of the University Grants Commission granted recognition to Yenepoya University Trust, a Deemed-to-be University status under Section 3A of the UGC Act, 1956 (2008). This opened a new chapter in the history of Yenepoya Institutions.

Today, Yenepoya University has on its rolls nearly 9000 students. To prove that quality has been the signature of the institution, the University has been accredited by NAAC with grade “A+” and CGPA points of 3.47. The University has also been rated as a four-star institution with a Score of 585 out of 1000 in the category of YOUNG University by the Karnataka State Universities Rating Framework (KSURF). The Yenepoya has been ranked 85 among the top 100 universities in the country as per the NIRF Rankings 2023 published by the Ministry of Human Resource Development, Government of India. Yenepoya Dental College has secured 23rd rank among the top Dental Institutions in the country by NIRF.

Practical and Industry driven course:

We don't believe in making you theory champions. We believe in building your capacities to change the world, and we believe that if you are joining us, you have the potential to heal the world, one day, everyday.

We believe that public health in all policies will define the course of our world and working towards achieving Sustainable Development Goals and One Health is crucial to our existence and directly dependent on the future of how public health professionals deal with cascading risks which threaten global health and national security. Beyond classroom learning, you will have numerous opportunities to actively network with key policy professionals in your field of interest through symposiums and seminar sessions. You will also have the chance to share your thoughts on various policy topics through participation in conferences and hackathons. Our world is at the cusp of a revolution. Global health today is the single most crucial deciding factor for social, commercial, environmental and economic determinants of health and life. Bringing about this change into visible action is a call for the brave! We face cascading risks due to natural disasters, climate change, extreme weather events and the public health consequences of it all. This is not a moment to worry about, but an opportunity to seize together, to shape the kind of world we imagine, to navigate complicated spaces in building policies that will influence generations to come after us. Your training will be tough, your resilience tougher and you will be carved into a powerful weapon of global influence upon whom destinies of millions will rest. For the brave.
